

Sevier Amateur Radio Club presents.....

Open Shack!!!

We have scheduled an OPEN SHACK for Saturday, March 31st at the Monroe Community Center, 210 S 300 W, here in Monroe. We will have the facility from 10am to 3pm for all our Radio Interests. Our hopes are to have VHF, HF and Internet services in Operation as well as Elmer and Mentor folks around to help with questions, instructions and any other Radio ideas that may come about. Omar had to cancel but Jeff W7JVN is helping to bring the Sevier County Sheriff Emergency Comm trailer in for us!

Tell your friends and bring your family for this “gathering” of radio enthusiasts. Have Questions? Need help with a New or unfamiliar Radio? Bring em’ on! We want to help you learn about your radios, repeater locations and protocols, or anything you want to pursue in Amateur Radio. We can’t do that without talking about it so..... Come see us! Check your weekly Sevier Net emails for updates and status.

We hope anyone with equipment for sale or trade will stop by and join us. We should have plenty of tables and space for displaying gear. Maybe you can find what you have been looking for!

There is lots of area available for “sit-down” snacking or lunching. Restroom and kitchen facilities are on-site. Hamburgers and restaurants are within a few blocks of this location.

Feel free to contact us for any additional information or thoughts you want to share!

Steve/KE7ZIW – steve@steveswww.com, or 435-893-1957

Sevier Amateur Radio Club presents.....

Open Shack!!!

Event/Classes/Presentation schedule:

<u>Time</u>	<u>Subject</u>	<u>Call Sign</u>
09:00 – 09:45	Setup	Volunteers
Hopefully, Omar/N7IOD and I can get in early and get things ready. Contact KE7ZIW if you can help with setup or teardown.		
10:00 – 15:00	- Talk, Questions, Answers and Commentary all day! - Register for W7JVN's Morse Code/CW class all day!	
11:00 – 11:45	Repeaters	KE7ZIW
Steve will show locations on the Internet for Repeater maps, our local/Central Utah mapped repeaters, etcetera. There is plenty of information out there if you want to know how to find it without having to read the whole book!		
12:00 – 12:45	IRLP	KE7ZIW
Steve will show you how to identify and map or list IRLP repeaters for where you are, might be going or would like to know!		
13:00 – 13:45..... Open		
14:00 – 14:45.....Open		
14:45 – 15:00Teardown to wrap it up by 3pm! All volunteers accepted!..... There may or may not be someone who has the facility reserved after us!
